EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification on page 1, line 2, the following phrase has been inserted after the term "2002," - - now U.S. Patent No. 6,830,358 - -.

Note that this amendment updates the status of a parent patent application referred to on the first page of the specification.

Note also that applicant's drawings received 04/29/04 have been approved.

2. The following is an examiner's statement of reasons for allowance:

The prior art when taken separately or combined fails to teach and/or show a jacketed light emitting diode assembly and method of making having a light transmissive cover having a cavity with an opening in which the cavity receives a lens body containing a semiconductor chip with an electrical contact set and an integrally molded plastic jacket sealing the opening of

the light transmissive cover which has the contact set and electrical wire set passing there through.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen F. Husar whose telephone number is 571-272-2371. The examiner can normally be reached on M-W and F from 7:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sandra O'Shea can be reached on 571-272-2378. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
